The CCS4G Symposium is a one-day event on Carbon Capture and Storage for Geoscientists hosted by the GESGB 'Exploring the Energy Transition' Special Interest Group. The symposium will delve into the exciting geotechnical challenges and opportunities of geological CO2 storage, helping to equip attendees with the knowledge and skills needed to thrive in this rapidly evolving field.

GESGB are continuing to accept abstracts from industry leaders with the following target topics:

### **CCS CASE HISTORIES**

- Depleted reservoirs, deep saline aquifers & mineralisation
- Live operational projects, pilot CO2 injection, projects approaching FID

### **GEOTECHNICAL PROGRAMME DESIGN**

- Assessing seals and containment, storage efficiency
- Injectivity, measurement monitoring and verification

Submit your abstract to [events@ges-gb.org.uk](mailto:events@ges-gb.org.uk) (<mailto:events@ges-gb.org.uk>) for the attention of Lydia Dumont. Deadline for submissions: Friday 31 May 2024.
